LADAKH : CROSSROADS OF CIVILISATIONS"

Dear Professor,

1. Ladakh has a long and rich history of human settlement dating back to 9<sup>th</sup> Century. It has been at the crossroads of Asia for thousands of years and has seen many cultures and empires in the region. The history, geography, strategic location and cultural linkages of Ladakh makes it geographically as well as strategically important for India.
2. With the aim to enhance awareness of the history of the region, analyse the present progress being made and dynamics of geo-strategic fall outs that are expected in the near future, Indian Army is organising a two-day Seminar titled "Historical Perspective of Ladakh : Crossroads of Civilisations" on 05 Oct & 06 Oct 2023 with numerous eminent speakers from military and civil domain having deep knowledge and expertise on the subject. We feel, the Seminar will hold immense value for young minds pursuing research in history, strategic affairs or related topics. Thus, we are forwarding invite for two to three selected Research Scholars to attend the Seminar. The boarding and lodging will be catered by us.
3. I am attaching invites and certain pertinent instructions for the selected PG Students. It will be a great opportunity for these students; thus, I'll request your personal indulgence in the selection of the PG students for the Seminar.

Warm regards.

Yours Sincerely  
Vardit
